AWC Nominations 2024- summary document

Nominations were submitted 11/21/2024

On the supporting overview map (YRD_AWC_nominations_2024_overview) the 3 proposed additions to the AWC for the Yakutat area are labelled 4626_1, 4612_1, 4394_1. The streams are previously unmapped and connect to AWC streams 4626, 4612, and 4394. The associated package file should contain shapefiles showing unmapped stream location for all three nominations (2 stream lines and 1 point). All data was collected using minnow trapping effort from permit no. SF2024-112. All nominations will have an overview map, photos of fish in hand and a shapefile package. Data collected by US Forest Service, Yakutat Ranger District.
