OBSERVATION INFORMATION

Species	Date(s) Observed	Spawning	Rearing	Present	Anadromous
chinook salmon (x5)	08/26/2025	✓			✓

~UPDATE/ADJUST middle hydrography segment of existing AWC Stream #111-40-10100 "Lemon Creek".
~ADD new species CHINOOK salmon SPAWNING and PRESENT to existing AWC Stream #111-40-10100 "Lemon Creek".

Comments:

I captured 2 adult king salmon. I recorded the coordinates of the capture location on a smartphone app. I also observed two fish paring up with each other, and a third trying to pair up as well. One fish began chasing and biting at the fish that approached, while the fish the two others were interested in, began fanning it's tail along the riverbed, as if to be digging a redd .

Coordinates (Lat,Long): Upper(58.360027,-134.485839) Lower(58.360027,-134.485839)
