114-23-10700-2005 Tributary 1

ADDITION

Water body name:

Survey date: 6/29/2024

Quad: Juneau A-6

Species & Lifestage:

Upper Reach Latitude: 58.145622 **Longitude:** -135.895137

Survey crew: CD, DK

Lower Reach Latitude: 58.145221 **Longitude:** -135.898379

Findings: We surveyed this uncataloged stream using a backpack electrofisher and GPS and captured juvenile coho salmon. This small stream seeps from the hillside with minimal flow and iron floc before paralleling the road shortly. There's a rusted-out culvert at waypoint 471, but it doesn't appear to blocking fish passage as coho salmon were caught upstream. Downstream the channel becomes well-defined channel and provides good fish rearing habitat. (Table 1; Figures 1-3).

Recommendations: Add this stream into the anadromous waters catalog for rearing coho salmon. (Figure 4).

Nomination: Pending

Table 1.-114-23-10700-2005 Tributary 1 survey data.

Waypoint	Latitude	Longitude	Notes	Stream Width ft	Stream Substrate	Habitat Features	Gradient %	Sample Effort	Sample Results
471	58.145762	-135.895678	Fishing just above culvert on small channel. Bottom of pipe is fully rusted out. Large tree on road blocking truck passage, but not too much more to look at that direction. Culvert is backwatered	6-8	Fine Organic Small Gravel		0-1	EF	
472	58.145727	-135.895078	Channel turns into mud seep.						
473	58.145634	-135.895191	Channel parallels road and seeps from hillside here. Iron flock pool. YOY CO capture.		Fine Organic		0-1	EF	2 CO
